# Irfan Mansuri

**MERN Developer**

## SUMMARY

A skilled MERN (MongoDB, Express.js, React, Node.js) developer with expertise in designing, developing, and deploying full-stack web applications. Proficient in building RESTful APIs, developing interactive and responsive user interfaces, and managing databases for scalable solutions. Strong knowledge of JavaScript, React and modern front-end libraries, with a focus on performance optimization and user experience. Adept at working in Agile environments and collaborating with cross-functional teams to deliver robust software solutions.

## EXPERIENCE

### Frontend Engineer intern | febuary 2024 – August 2024 | cyber instant

- Led the implementation of responsive and accessible user interfaces, fostering collaborative efforts with UX/UI designers and backend developers.

- Optimized frontend code for peak performance and scalability, leveraging industry best practices and cutting-edge tools such as lazy loading, code splitting, and caching.

- Managed operations within Agile frameworks, leading stand-up meetings and methodical sprint planning sessions to ensure the efficient and timely delivery of software solutions.

## EDUCATION

- **Shri Vaishnav Institute of Computer Application,** Indore

  **MCA**, Computer Application and Engineering || 2022 - 2024
